November/December 2015

Dear B&B Family and Friends,

This past year has whizzed by. We've got lots to share with you and hope you'll enjoy the news - 300 adoptions - 54 of them Specials! Compare that to last year's 20 Special adoptions. Two and one-half times as many! 170% more! Won't you please adopt, foster, sponsor these dear ones...see their pix on page 5. We know each one very well and can help make a good match for your family.

Future Plans set out in last year's newsletter are still in the works. See Wish List on the website's home page. 2016 BigSunday.org is the entire month of May! Please set aside some time that month to spend with us in Apple Valley. Betcha we can complete everything in our list! And just in case we cannot, or the list grows, we will again celebrate Funtober in October aka Worktober.

Reminder: Please shop through our Amazon Smile link, Ralph's and Food for Less and B&B's store. Pls visit page 6 for easy ways to help!

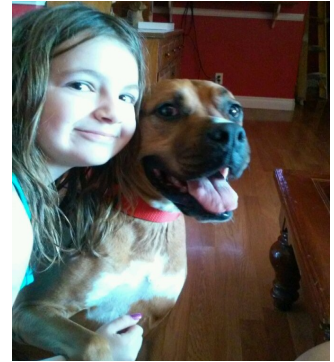

Much thanks to our great volunteers. We hope a Volunteer Coordinator will emerge and lead visits to schools, senior centers and other local agencies. It was my pleasure to hear Jonthan Weedman of Wells Fargo speak recently at Academy of Grassroots Organizations graduation. Mr. Weedman's job is to read the 3,000+ grant applications Wells Fargo receives from Los Angeles and Inland Empire nonprofits and decide which 1,200 applicants will receive anywhere from \$1,000 to \$10,000 annually. B&B banks at Wells Fargo and we have asked management to visit and consider us for a community service project. Cross your paws; we'll let you know....

Our deepest gratitude to you all for being part of B&B and keeping hope alive and active for the homeless dogs who need us. We have always recognized that B&B is blessed with daily miracles. Just yesterday I opened a favorite old book to read that...Miracles are love in action. That works for me! Much thanks to you all for your love, your actions and the miracles you bring. They nourish us all~~~

Happy Holidays, Peace on Earth and a Grande 2016~~~

Connie and the B&B Team

Nickie was with us for 2+ years before her dad found her and fell in love. It took less than 5 minutes for him to know she was the one!

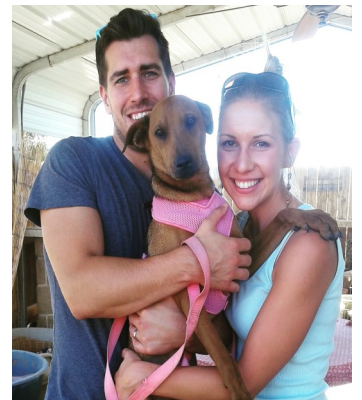

On May 13th, Christina was adopted by some real beagle addicts! Two days later, they came back from Las Vegas, six hour roundtrip, for Dunlap!

New names are Penny and Buddy!

Julie, now Ruby, was an all around great girl—sweet, smart, and adorkable! Her parents absolutely love her and are so in awe with her every day.

Ruby came to us from an abandoned litter of 9—our Irish gang!

B&B MIRACLES

Just some miracles

We hope that these touch your heart as they have changed ours.....

Mia came to B&B at 8 years old. She came with her life-long buddy-he was adopted fairly soon. After our co-managers Pico and Andrea (Andi) passed, Mia emerged as the kennel's leader - she just moved in and started doing the work, acting as if, and so it became. She ruled for 4-5 years and then retired of old age, blindness, deafness.....but no one has yet replaced her.

11/2015: Sadly when we took her in for a check up as she had been eating well but losing weight, she was found to have cancer in her mouth. As this was very painful, though you wouldn't know it from her behavior, we released her to spirit. Now she is young, healthy, probably trying to outsmart Pico, Andi and our first manager Winston - and having a grande reunion with many friends

Rest in Paradise dear Mia until we meet again.....

Gage is a wonderful 4 year old pittie. He came to us from a high-kill shelter. He was attacked by another dog and was receiving zero medical care. He has made a great recovery and is now safe, happy, healthy, and available~

Franco came to us from a high-kill shelter. When he first arrived and our vols showed him some luv'n' (kisses n' cuddles).... he was confused, but he loved it~

He came in with a bad hip-he limped everywhere. His hip was basically decomposing-our vet said it was odd since it usually happens to older dogs. B&B had it surgically repaired.

Fast forward to today and Franco runs fast **with no limp** and enjoys cuddles and affection~

Although Franco is a bit shy in the beginning, he would love to find some patient folks to be his furrever home..

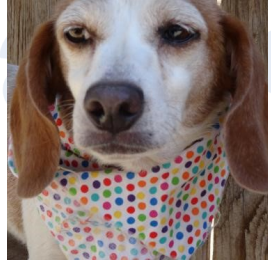

Charlee's Angels

Charlee is a 3 year old shih tzu who was hit by not one, but two cars. She was rescued so matted that her gender was unclear. Luckily, some great folks immediately stopped and took her to vet where her bruised diaphragm was treated- her precious life was saved. Speed forward a bit to the night before she was to be spayed, she started going into labor-can you believe it?! She was hit by TWO cars and survived it with THREE puppies! Two handsome little gentlemen and one lovely lady- Cash, Cotton, and Chiffon~. All 4 miracles adopted~
